I. Welcome Letter

Welcome to our Team!

On behalf of the entire Neighbor Brigade family of staff and volunteers, thank you for becoming a force of caring in your community. Neighbor Brigade Volunteers are the true backbone of Neighbor Brigade, facilitating temporary support for those affected by acute crises while strengthening the fabric of a community. Put simply, without individuals like you, there’d be no Neighbor Brigade.

Whether you are drawn to Neighbor Brigade to “pay forward” kindnesses extended to you and your family during a trying time of your own or if you are seeking a more impactful volunteer opportunity that has the flexible schedule to be done when you choose and as often as you want, we are confident that you will receive as much if not more than you give by becoming part of this large (and growing!) network of support.

This handbook is one of the many tools we make available to you during your tenure as a volunteer with Neighbor Brigade. We encourage you to visit our Volunteer Resources page as well which is always available to you as a quick online reference including a wealth of templates, training videos and resource links.

We know we can’t predict every question or challenge you might encounter while fulfilling your volunteer responsibilities so never hesitate to reach out to me as needed. Our Director of IT, Jennifer Stewart, is always available for any technical questions and our Director of Development, Kristine Shah, is available for discussing fundraising efforts. Again, thank you for making this commitment to your community and Neighbor Brigade.

Warm regards,

Polly Mendoza

II. Neighbor Brigade “101”

A. Mission and Vision

Mission

Neighbor Brigade establishes and mobilizes community-specific networks of volunteers to help residents facing sudden crises such as a devastating illness, accident, or other tragic event. Our volunteers provide non-medical, non-monetary services and collaborate with the shared purpose of helping fellow residents. Neighbor Brigade provides temporary support to those affected while strengthening the fabric of a community.

Vision

Community members come together to support their neighbors and provide compassionate and immediate assistance to help those in a sudden crisis manage both their routine and emergency needs. Towns and communities become stronger as their residents unite and help one another through difficult times. Volunteers reap the benefits proven through lasting volunteer relationships that help their physical health, mental health and increase their shared sense of community.

B. History

After suffering her first bout with cancer in 2002, our founder, Pam Manikas Washek, decided to turn her pain into purpose by helping others experiencing similar crises. She and her friend and fellow cancer survivor, Jean Seiden, first established the Wayland Angels to "pay forward" the acts of kindness they received from their own neighbors during their cancer treatments. In 2010, Pam transitioned Wayland Angels into the formally incorporated nonprofit Neighbor Brigade, a vehicle to give people in communities beyond Wayland Massachusetts a means to support their fellow neighbors when serious illness or other tragedy strikes.

Pam lost her battle with cancer in 2012, but her legacy lives on in Neighbor Brigade. Pam’s Run is an annual event that was established in 2013 to first and foremost remember Pam and the amazing life she led. Held in October in Wayland, Massachusetts, Pam's Run brings together her family, friends, old and new supporters of Neighbor Brigade and enthusiasts who compete in a 5k / 10k run and walk. It is a
beautiful community event that we hope you will enjoy and participate in! More information on Pam’s Run can be found at http://www.pamsrun.com.

C. Why Neighbor Brigade?
Pam understood our shared human need for community and our need to care for and be cared for by one another. She believed it was imperative not only for those who need the assistance, but for the benefit of volunteers as well.

D. Organizational Impact
Our founder’s charismatic, grassroots, can-do approach lit a spark that spread beyond her home chapter of Wayland, MA to include a network of Neighbor Brigade Chapters. Each year, Neighbor Brigade’s 3000+ volunteers carry out thousands of “acts of kindness”—meals delivered, rides provided, dogs walked, errands run—on behalf of neighbors in need. In 2016, we began to spread beyond Massachusetts throughout New England and are now a growing nation-wide organization in the United States. You can find out more about our impact in communities by reading our annual report found on our website at: http://www.neighborbrigade.org/annual-reports/.

As delighted as we are by these figures, our volunteers, staff and Board of Directors are confident that Neighbor Brigade is capable of spreading into even more communities all over the country, one act of kindness at a time. If you know of someone living in a community where we don’t have a Chapter, please consider talking to them about Neighbor Brigade and bringing this service to where they live!

E. Organization Chart and Responsibilities
Neighbor Brigade is a lean organization that relies heavily on volunteers at all levels of engagement. We are led by a volunteer board of directors who oversee a small, specialized staff who provide support in the areas of program management, public relations, outreach, finances, information technology and development. Ultimately, Chapter Leaders report to our Executive Director for administrative concerns and to our Director of IT for any concerns related to our software. Our volunteers report to their Chapter Leaders; however, they can also reach out to our Executive Director and Director of IT.

F. Financial Transparency
Neighbor Brigade is a registered 501(c)3 non-profit organization. 100% of our budget comes from year-round fundraising efforts that include but are not limited to: an annual appeal, Pam’s Run 5k/10k run and walk, corporate sponsorship of our Chapters, online fundraising campaigns and grant writing. The money raised covers overhead costs such as liability insurance, our software management program, central staff salaries, marketing, design and printing costs, mail and various other expenses. As a non-profit organization, we report to the IRS by completing annually the form 990 which can be seen upon request by any of our stakeholders. Occasionally fundraising efforts are marked as restricted funds for specific Chapters. In
those scenarios, our central staff work closely with the Chapter Leaders of the town that has received the funds to see how we can best utilize the designated donation.
III. Program Overview

A. How It Works

Neighbor Brigade transforms local communities into caring centers by mobilizing residents to provide free, temporary, non-medical support to those who are experiencing an unexpected emergency such as a critical illness, accident, or family tragedy. Our programs provide temporary support to those affected by acute crisis while strengthening the fabric of a community. Neighbor Brigade services are immediate, free and available to all.

By engaging a “neighbors helping neighbors” model we supplement where immediate family and friends cannot “do it all” in meeting the daily household needs of those experiencing a sudden crisis. Community-specific chapter leaders together with our volunteers use our volunteer management software, managed by Better Impact, to fulfill the requests for services submitted by recipients experiencing a sudden crisis. If a recipient does not have access to a computer they also have the option to call our toll-free number to submit a request for services. Our goal is respond to requests within 24 hours and to meet 100% of requests that fall under our service parameters.

B. Neighbor Brigade Service Guidelines and Parameters

i. What we do

a. Meal delivery

Meal delivery is one of our most common requests that we fulfill. Requirements for a volunteer to fulfill a meal request include acknowledging that you have read and understood the pdf document: A volunteer guide to food safety by the USDA. A recipient, referred to as a client in our software system, will give specific details about quantity, frequency and any dietary concerns including allergies for their food request. If a volunteer has chosen to fulfill a request made by a client that has noted they have a food allergy, the volunteer must also acknowledge that they have read and understood the pdf document: A Field-Guide for Food Allergies. When preparing for a meal, volunteers can refer specifically to pages 13 and 14 of the Field Guide, also available in our Appendix A of this Handbook. When food allergies exist, we also require that a Meal Preparation Form be filled out to include a list of all ingredients in the meal and attached to the container that the meal is stored in. Please note that volunteers do NOT need to complete a
CORI (Criminal Offender Record Inquiry) for fulfilling a meal delivery request. A client/recipient of ours who has only requested a meal delivery also has not undergone a CORI check and we advise that volunteers do not enter into anyone's house who has not had a CORI check, if a volunteer does so it will be at their own risk.

All food should be delivered in containers with closed lids that volunteers will leave for the client to keep. Plastic Glad containers are most commonly used and each container should have a label explaining what the food is and any rewarming instructions if needed. If the family has listed a food allergy, volunteers should include a list of all ingredients used on the food label. Clients will leave a cooler outside their door where volunteers will drop-off the meal they have prepared. Volunteers should not ring the doorbell (unless specified in the online request that you should) as we want to respect our clients' privacy during this difficult time. Some clients will choose to greet volunteers and speak with them. Volunteers are also more than welcome to leave a brief note along with their food delivery to express their thoughts and well wishes for the recipient.

b. Rides to medical appointments

Many of our clients are suffering from illnesses and accidents that make it difficult for them to drive to their treatments and medical appointments and helping them with this task is greatly appreciated. Requirements for a volunteer to fulfill a task that includes transportation, as mentioned in our Participant Agreement and Liability Release Waiver are: (i) maintain, and upon request provide evidence of, volunteer's current status as a licensed driver in good standing; (ii) adhere to all instructions and directions provided to volunteer by Neighbor Brigade and the Neighbor Brigade Volunteer Handbook; (iii) promptly notify Neighbor Brigade of any physical conditions, vehicle defects, or road conditions that might affect volunteer's safety or the safety of others; (iv) if involved in an accident, complete an accident report (See APPENDIX B for a sample accident report) and cooperate with the authorities and Neighbor Brigade; and (v) if volunteer’s vehicle is used for Neighbor Brigade activities, maintain current and adequate insurance coverage. The Volunteer understands that the limits and coverage provided by the Volunteer’s personal automobile insurance are applicable to any accidents or incidents that involve the Volunteer’s vehicle, including those that occur while volunteer is serving as a volunteer driver. Adequate insurance coverage includes at a minimum Collision coverage and preferred is Comprehensive coverage. If involved in an accident, the Volunteer is responsible for covering Volunteer’s deductible and any costs incurred from the accident.

A volunteer driver is required to have a CORI check completed by Neighbor Brigade. A client is required to give as many details as possible about their need for transportation including if someone else will be joining them due to their personal needs for assistance (translation, anxiety with doctors, etc.). If a volunteer has not been informed that another person, in addition to the client, will be traveling with them in the car and someone shows up we strongly advise that the volunteer does not fulfill the transportation request because we have not vetted that additional person. Similarly, if ever a volunteer does not feel safe or comfortable around a client or people that accompany them, the volunteer has the right to discontinue their volunteer service at any point in time. In such a scenario, we ask the
volunteer to please give as many details as possible to the Executive Director so that we do not place future volunteers in a similar situation.

c. Light errands and chores
Many of our clients are suffering from illnesses and accidents that make it difficult for them to accomplish basic household chores like taking out the trash, shoveling snow, mowing the grass, vacuuming, picking up groceries, picking up medications, etc. If driving is involved in the task, the same requirements must be fulfilled as mentioned above in b. Rides to Medical appointments. If the chores are strictly performed outside of the house, and not in contact with the recipient, a background check is not required neither by the volunteer nor by the client. If the chores are performed inside the house both the volunteer and the client must complete a CORI check. If any children will be present at the house during the time of the chores, a SORB (Sex Offender Registry Board) check must be performed on the volunteer.

d. Pet-care (non-boarding)
Many of our clients are suffering from illnesses and accidents that make it difficult for them to care of their pets. Tasks approved under pet-care include feeding the animals and taking them on walks or simply taking them outside to go to the bathroom. Clients must specify what type of pet they have and a client with a dog breed that is considered large or dangerous (American Pit Bull Terrier, German Shepherd, Rottweiler, Doberman Pinscher, Bullmastiff, Cane Corso, Great Dane, Wolf Hybrid mix, American Bandogge, Husky, Chow, Boxer) must carry homeowner’s insurance. Leashes, poop scoops and poop bags are generally provided by the owner of the pet if the task includes walking the pet. Because pet-care can involve entering a house, a CORI check may be required for both the volunteer and the client.

C. What we don’t do
Neighbor Brigade does not provide medical services, respite care, or any services that are due to a situation that is purely due to financial difficulties. The crisis situation must be temporary by nature. On average the individuals we help need assistance from 1-3 months. Some scenarios exist where someone only needs help for one week, while other more uncommon scenarios exist when someone needs help for closer to one year. Some of our clients are repeat clients because they have a recurring illness or a new crisis that they need assistance with.

D. Who we can serve
It is the policy of Neighbor Brigade to provide services to all applicants without discrimination or harassment on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, age, disability, marital status, citizenship, genetic information, or any other characteristic protected under the laws of the United States of America. Crises that fall under a temporary situation include but are not limited to our following categories: general illness, cancer, accident, death in family and injury. We also have a miscellaneous category if someone’s temporary crisis does not fall under one of those categories and is not related to finances. While we use an online software task management program for our clients, our program is available to people who do not have access to or knowledge of use of computers. If you know of someone who needs services who does not speak English, please let us know and we will do our best to match that person with a volunteer that speaks their native language as well as provide as much written material in their native language as possible.
E. Who we cannot serve

Neighbor Brigade cannot serve anyone who is experiencing a crisis that is not temporary and that is related to their financial situation. The most common confusion is someone who requests help because they need assistance strictly due to their age and unfortunately that does not fall under our parameters as a temporary situation. We cannot work directly with volunteers who are under the age of 14 however if a volunteer’s children are under the age of 14 and would like to assist in some of the tasks like preparing meals at the volunteer’s own home we of course welcome that generosity. We cannot work with anyone who does not sign our waivers and for required tasks does not pass a CORI or SORB inquiry.
IV. Chapter Leader Commitments

A. Position Description

A Chapter, which is a town or city, is managed by one or more individuals (ideally 2 people) called Chapter Leaders. Chapter Leaders are volunteers that dedicate their time and energy to make their towns stronger and are the heart of Neighbor Brigade. Chapter Leaders manage all of the volunteers in their specific town and are often the first point of contact for a client that is in need of receiving our services. A Chapter Leader is someone that can dedicate 1-5 hours a week on average managing their Chapter. The rate of activity in a Chapter can often depend on the size of the town, the time of year, other available resources in that town, and the outreach efforts that have been made in that community to publicize Neighbor Brigade.

A Chapter Leader is not an employee of Neighbor Brigade and is not compensated monetarily. There are times when Chapter Leaders participate in outreach efforts and certain costs are incurred that may be covered by Neighbor Brigade. Those potential costs need to be pre-approved by the Neighbor Brigade Executive Director and all original receipts need to be submitted for reimbursement. An example would be if a Chapter wants to participate in a local resource fair and there is a fee to host a table where brochures can be passed out. Please see our Chapter Volunteer position description for important information regarding reporting direct volunteer expenses to the IRS.

Chapter Leaders are responsible for raising awareness about Neighbor Brigade in their community. Schools, medical facilities, police and fire departments, farmer’s markets, senior centers, and newcomer’s clubs are examples of great places to distribute Neighbor Brigade Rack Cards. Often times local newspapers are eager to learn about our stories of neighbors helping neighbors and getting published is an ideal form of publicity to increase numbers of volunteers and recipients in your town. If a Chapter Leader engages in communication with reporters for any publications we require those Chapter Leaders do so in collaboration with the Executive Director of Neighbor Brigade. Please see section C. Public Relations for further information.

Some Chapters collaborate throughout the year with other local organizations like food pantries, senior centers, schools and clubs (Lions, Rotary, etc.). Working with other organizations in group engagement projects has multiple benefits including the ability to reach more people, combined financial support, and a stronger sense of community and
engagement on behalf of all volunteers. Often times Neighbor Brigade Chapters can also participate in “drives” with other organizations for example the local food pantry may have a pie drive for Thanksgiving when Neighbor Brigade Chapter Leaders can enroll their Chapter to fulfill the baking of 50 pies. Other drives that we have done are backpacks for kids going back to school, Easter baskets, gift cards for the holidays, and many more. Once a year we hold an organization-wide drive that all Chapters are encouraged to participate in. We also have a Google Group where Chapter Leaders can learn about what other Chapters are doing as well as communicate with other Chapter Leaders.

At least twice a year we like to have get-togethers where Chapter Leaders will have the opportunity to meet other Chapter Leaders, share ideas, ask questions about certain scenarios, collect Neighbor Brigade materials and brainstorm for future projects. Chapter Leaders can participate virtually in these meetings as well.

Our Software Training Manual and Software Training Videos will teach Chapter Leaders how to use our volunteer software management program managed by Better Impact. Our Director of Information Technology, Jennifer Stewart, along with the Better Impact IT team are here to help you at any time that you have questions in regards to the software implementation.

To give a better idea of the Chapter Leader position, responsibilities include but are not limited to:

i. Complete the initial Chapter Leader Orientation and Software Training.

ii. Assist potential clients/recipients with the application process to request help. If someone makes a request over the phone, they or someone they know should set-up an online profile for them to receive services. This also allows the client to view a schedule of services.

iii. Remind volunteers that they need to login to track their hours for the services they have performed. This can now be done from a user’s smartphone!

iv. Frequently communicate with volunteers to keep them motivated, inspired and aware of volunteer opportunities in the Chapter.

v. Clients and volunteers will often have questions and concerns; the Chapter Leader is a key player in answering those frequently asked questions or guiding them in the right direction to find the answers.

vi. Stay informed about software updates and new enhancements that our Better Impact software will have from time to time.

vii. Promote Neighbor Brigade in the town to acquire new volunteer and new clients as well as partnerships with local organizations.

viii. Seek Co-Chapter Leaders to share tasks with and be proactive with succession planning for your position.

B. Confidentiality

Chapter Leaders and volunteers that sign-up for specific tasks might be made aware of confidential and sensitive information in regards to people’s health and personal information. In accordance with HIPAA laws and general respect for the people we serve, all Neighbor Brigade volunteers, by acknowledging they have read this handbook, agree to maintain the confidentiality of any health or personal information relevant to our clients/recipients.
and agree to implement appropriate safeguards (i.e. passwords to login to their computer) to prevent further use or disclosure of any confidential information that is incidentally or inadvertently accessed.

C. Public Relations

Neighbor Brigade actively participates in public relations and marketing initiatives to promote the programs and campaigns of Neighbor Brigade. This includes but is not limited to, social media publications, e-newsletters, updates on our website, media publications and press releases, video productions, and presentations to small and large audiences. The stories of volunteers and clients are beneficial to the promotion of Neighbor Brigade and by signing our Communications and Media Waiver in our Volunteer Application (See APPENDIX D for waivers) volunteers are agreeing to the use of their “story”. **Neighbor Brigade will always contact an individual for a case by case approval and to request that any details related to them are approved to be shared with the public.**

D. Term of Service

We ask for a minimum of a 2-year commitment to being a Chapter Leader. We also strongly advise that there is a total of two to three individuals serving as Chapter Leaders to help distribute the quantity of work and to allow each Chapter Leader true vacation breaks when they do not need to be responsible for any Chapter Leader duties at that time. We advise that Chapter Leaders retire in staggering times so that all current Chapter Leaders do not step-down at the same point in time.

E. Succession Planning

Chapter Leaders need to consider how long they would like to be in their Chapter leadership role and communicate with the Executive Director as soon as they feel it is a good time to step down. We understand that people’s lives change and sometimes those decisions happen at the last minute but the more a Chapter Leader can plan ahead the better the chance the town’s Chapter will thrive in the future. Ideally, a Chapter Leader would reach out to their Chapter volunteers and see if any current volunteers would like to step-up into the position. Hopefully the other Co-Chapter Leaders would agree to staying in their positions for at least another year so that they can work and train new Chapter Leaders.

Throughout a tenure as a Chapter Leader we would like leaders to use only their Neighbor Brigade email account retain important emails, contacts and resources that will be beneficial to share with future Chapter Leaders. Institutional history of a Chapter will greatly benefit future leaders and will avoid the need to reinvent the wheel every time new Chapter Leaders come into their roles.
V. Volunteers

A. Position Description

Volunteers together with Chapter Leaders are the heart and soul of Neighbor Brigade. They are the face of the organization and are people that do generous acts of kindness in their communities on a regular basis. Chapters vary in size and can begin with as few as 5 volunteers and will often grow to have numbers in the hundreds. Unlike the Chapter Leader position, the Chapter Volunteer is an incredibly flexible position that allows a person to sign up for tasks once a week or once a year depending on their availability. The rate of activity in a Chapter can often depend on the size of the town, the time of year, other available resources in that town, and the outreach efforts that have been made in that community to publicize Neighbor Brigade. Some volunteer tasks require certain qualifications (e.g. valid driver’s license or CORI checks) and volunteers will only be able to perform them if they have those qualifications in place.

A Chapter Volunteer is not an employee of Neighbor Brigade and is not compensated monetarily. Volunteers will be using their own financial resources to purchase the food to prepare meals, purchase reusable containers to deliver the food, gas to drive clients to their destinations, as well as other various costs incurred by a volunteer’s service and of course their precious time and energy are of great value as well. Volunteers will be asked to track their hours when they sign-up for tasks in our software management system. Students ages 14 and older may participate in our programs as a volunteer and use their hours for necessary school community service hours. While a volunteer’s time has immeasurable value to Neighbor Brigade volunteers cannot deduct the value of their time or services with the IRS. However, when completing the annual tax return with the IRS, volunteers CAN deduct their direct out-of-pocket costs related to the services they are performing (See APPENDIX C for page 5 of the following document for more details: https://www.irs.gov/pub/irs-pdf/p526.pdf). Valid deductible costs that volunteers can report to the IRS as an in-kind donation include but are not limited to: the cost of food a volunteer purchased to prepare a meal, the cost of containers a volunteer provides, gas mileage for driving someone to a doctor’s appointment, parking fees or tolls incurred while driving a client. Invalid deductible costs include but are not limited to a volunteer’s car insurance premium or electric/gas bill for a volunteer’s stove to prepare food.

Volunteers can help raise awareness about Neighbor Brigade in their community. Whether a volunteer talks about Neighbor Brigade at their work, school, religious or social group, bank or other location in the community, volunteers are an ambassador for Neighbor Brigade at all times. Volunteers may not use Neighbor Brigade related activities and interactions as a way to promote their own business or any other business, place of worship or any other type of promotion that is not related to Neighbor Brigade. Volunteers can help increase the number of future volunteers by talking about their experience, and volunteers might be aware of individuals that are in need of our free services. As mentioned in the Volunteer Application
under Trademark and Copyright Usage: volunteers agree to perform all volunteer activities, including those that involve use of the Licensed Marks, in accordance with the highest standards of quality and care. In the course of participating in Neighbor Brigade activities, volunteers will not act in any manner that would be detrimental to Neighbor Brigade and will avoid any actions that might impair the reputation of Neighbor Brigade. At all times, volunteers will comply with all applicable laws, regulations and legal standards and any policies, instructions or guidelines provided by Neighbor Brigade.

B. Confidentiality

Volunteers that sign-up for specific tasks might be made aware of confidential and sensitive information in regards to people's health and personal information. In accordance with HIPAA laws and general respect for the people we serve, all Neighbor Brigade volunteers, by acknowledging they have read this handbook, agree to maintaining the confidentiality of any health or personal information relevant to our clients/recipient and agree to implement appropriate safeguards (i.e. passwords to login to a computer) to prevent further use or disclosure of any confidential information that is incidentally or inadvertently accessed.

C. Public Relations

Neighbor Brigade actively participates in public relations and marketing initiatives to promote the programs and campaigns of Neighbor Brigade. This includes but is not limited to, social media publications, e-newsletters, updates on our website, media publications and press releases, video productions, and presentations to small and large audiences. The stories of volunteers and clients are beneficial to the promotion of Neighbor Brigade and by signing our Communications and Media Waiver in our Volunteer Application (See APPENDIX D for all waivers) volunteers are agreeing to the use of their “story”. Neighbor Brigade will always contact an individual for a case by case approval and to request that any details related to them are approved to be shared with the public.
VI. Clients

A. Application Process

Recipients of our services, who are referred to as Clients in our software program, are asked to fill out as much relevant information as possible in regards to their crisis as well as the support they need. If at any time a client will be in contact with a volunteer, a CORI check will be run on both individuals.

Similar to volunteers, clients are asked to sign a waiver stating they “agree to assume any and all risks incidental to the free services provided by Neighbor Brigade. In addition, the client hereby waives, releases, absolves, indemnifies, and agrees to hold harmless Neighbor Brigade, its officers, directors, members, volunteers, and their assigns, from any and all liability, claims, damages, or other actions arising out of any injury to their person or property, whether resulting from negligence or any other cause, in the course of the receipt of services from Neighbor Brigade.”

Clients that sign-up for meal delivery are asked to give important details about food preferences and food allergies and volunteers preparing those meals are expected to be 100% compliant with those requests. Volunteers have a Meal Preparation Form they will fill out which includes all ingredients in a meal prepared if allergies are involved.

Clients that sign-up for transportation services are made aware that challenges such as weather, traffic and road conditions are not under our control and may result in tardy arrivals. Volunteers that sign-up for transportation are expected to do their absolute best in getting a client to their requested destination on time. Volunteers will pay for all gas costs, tolls, parking fees and other transportation fees and should not accept any money from a client for our free services.

B. How to Graduate Recipients

Sometimes recipients/clients can become very comfortable using our services and need encouragement to move forward and be completely independent once again. This, of course, is a delicate situation and one that a Chapter Leader is welcome to consult with the Executive Director about at any time to make a judgement call.
C. Importance of making referrals— “No, but...”

We cannot fulfill every request for services as many of the requests do not fall under our parameters of services. If we are not able to fulfill a request it is our policy to try our best to guide people in the right direction for the services they need.

Chapter Leaders and volunteers over time will become aware of various resources available to residents in their town. Chapter Leaders are asked to maintain a list of local resources and share those resources with people who request help that falls outside of our service parameters. Chapter Leaders can always suggest that the person call the Executive Director to discuss more referral options. Chapter Leaders and volunteers are asked to share their referral resources with the Executive Director of Neighbor Brigade so that those resources are made available to other Chapters as well. We maintain an extensive list of resources on our website at: http://www.neighborbrigade.org/alternative-resources/.

Tips for Avoiding Your Allergen

For a Shellfish-Free Diet
Avoid foods that contain shellfish or any of these ingredients:
- bermuda crab
- crayfish (cray, crayfish, lobster, prawns, shrimp, crawfish, crawfish)
- mussels
- oysters
- squids (calamari), shrimp, clams

Keep the following in mind:
- Any food served in a seafood restaurant may contain shellfish protein due to cross-contact.
- For some individuals, a reaction may occur from inhaling cooking vapors or from handling fish or shellfish.

For a Peanut-Free Diet
Avoid foods that contain peanuts or any of these ingredients:
- amaranth nuts
- beer nuts
- cold pressed, expeller pressed, or extruded peanut oil

Peanut is sometimes found in the following:
- baked goods (e.g., cookies, crackers)
- breads, cakes, cookies, candies (including chocolate candies), egg yolks

Keep the following in mind:
- Mandleas are peanuts scaled in almond flavoring.
- The FDA exempted highly refined peanut oil from being labeled as an allergen. Studies show that most allergic individuals can safely eat peanut oil that has been lightly refined (not cold pressed, expeller pressed, or extruded peanut oil). Follow your doctor’s advice.
- A study showed that unlike other legumes, there is a strong possibility of cross-reaction between peanuts and lupines.
- Arachis oil is peanut oil.
- Many experts advise patients allergic to peanuts to avoid tree nuts as well.
- Sunflower seeds are often produced on equipment shared with peanuts.
- Some alternative nut butters, such as soy nut butter or sunflower seed butter, are produced on equipment shared with other tree nuts and, in some cases, peanuts. Contact the manufacturer before eating these products.

For a Tree-Nut-Free Diet
Avoid foods that contain nuts or any of these ingredients:
- almond
- artificial nuts
- chestnut
- cashew
- hazelnut
- macadamia nut
- pecan
- pine nut
- pistachio
- walnut

Keep the following in mind:
- Mortadella may contain pistachio.
- There is no evidence that coconut oil and shea nut oil/butter are allergenic.
- Many experts advise patients allergic to tree nuts to avoid peanuts as well.
- Talk to your doctor if you find other nuts listed here.

For a Fish-Free Diet
Fish is sometimes found in the following:
- barbecue sauce
- baked goods (e.g., cookies, crackers)
- devil’s food cake
- deep fried foods
- fish flavorings
- fish oil
- fish sauce
- fish terminal
- fish on the menu, cross-contact of fish protein is possible.

Keep the following in mind:
- If you have fish allergy, avoid seafood restaurants. Even if you order a non-fish item off of the menu, cross-contact of fish protein is possible.
- Asian cookery often uses fish sauce as a flavoring base. Exercise caution when eating this type of cuisine.
- Fish protein can become airborne in the steam-released during cooking and may cause an allergic reaction. Stay away from cooking areas when fish is being prepared.

C. IRS explanation of how to report out-of-pocket expenses

Conventions. If a qualified organization selects you to attend a convention as its representative, you can deduct your unreimbursed expenses for travel, including reasonable amounts for meals and lodging, while away from home overnight for the convention. However, see Travel, later.

Mutual exchange program. You can deduct the costs of a foreign student living in your home under a mutual exchange program through which your child will live with a family in a foreign country.

Reporting expenses. For a list of what you must file with your return if you deduct expenses for a student living with you, see Reporting expenses for student living with you under How To Report, later.

Out-of-Pocket Expenses in Giving Services

Although you can't deduct the value of your services given to a qualified organization, you may be able to deduct some amounts you pay in giving services to a qualified organization. The amounts must be:

- Unreimbursed;
- Directly connected with the services;
- Expenses you had only because of the services you gave; and
- Not personal, living, or family expenses.

Table 2 contains questions and answers that apply to some individuals who volunteer their services.

Underprivileged youths selected by charity. You can deduct reasonable unreimbursed out-of-pocket expenses you pay to allow underprivileged youths to attend athletic events, movies, or dinners. The youths must be selected by a charitable organization whose goal is to reduce juvenile delinquency. Your own similar expenses in accompanying the youths aren't deductible.

IrS explanation of how to report out-of-pocket expenses

If you volunteer for a qualified organization, the following questions and answers may apply to you. All of the rules explained in this publication also apply. See, in particular, Out-of-Pocket Expenses in Giving Services.

Church dacon. You can deduct as a charitable contribution any unreimbursed expenses you have while in a permanent diaconate program established by your church. These expenses include the cost of vacations, books, and transportation required to serve in the program as either a deacon candidate or an ordained deacon.

Car expenses. You can deduct as a charitable contribution any unreimbursed out-of-pocket expenses, such as the cost of gas and oil, directly related to the use of your car in giving services to a charitable organization. You can deduct general repair and maintenance expenses, depreciation, registration fees, or the costs of tires or insurance.

If you don't want to deduct your actual expenses, you can use a standard mileage rate of 14 cents a mile to figure your contribution.

You can deduct parking fees and tolls whether you use your actual expenses or the standard mileage rate.

You must keep reliable written records of your car expenses. For more information, see Car expenses under Records To Keep, later.

Travel. Generally, you can claim a charitable contribution deduction for travel expenses necessary to secure you are away from home performing services for a charitable organization only if there is a significant element of personal pleasure, recreation, or vacation in the travel. This applies whether you pay the expenses directly or indirectly. You are paying the expenses indirectly if you make a payment to the charitable organization and the organization pays for your travel expenses.

The deduction for travel expenses won't be denied simply because you enjoy providing services to the charitable organization. Even if you enjoy the trip, you can take a charitable contribution deduction for your travel expenses if you are on duty in a genuine and substantial sense throughout the trip. However, if you have only nominal duties, or for significant parts of the trip you don't have any duties, you can't deduct your travel expenses.
